World Record!

WORLD'S FIRST

Automatically better welding

TUNNEL VISION IS HISTORY. OPTREL PANORAMAXX – THE NEW DIMENSION OF VIEWING.

PANORAMA VIEW

The optrel **panoramaxx** offers a 6 times larger field of view compared to standard welding helmets but is still a lightweight at only 550 g.

AUTOPILOT

Fully automated recognition and adjustment from shade level 5 to 12.

TRUE COLOR VIEW

A specially developed UV/IR filter allows the realistic color perception typical of optrel, bringing color to the welder's world.

LIGHT STATE 2.5

The much brighter view of your working environment in light state increases both safety and efficiency in the workplace.

STATE-OF-THE-ART POWER TECHNOLOGY

With its rechargeable power-pack, changing batteries is no longer necessary.

TAKE YOUR VIEW AND EXPERIENCE THE DIFFERENCE
BY YOURSELF!
