14528 - Garberg BlackBlade with Polymer Sheath (C) Green

Data Sheet Created: 04-11-2024

A perfected outdoor knife optimized for tougher challenges in the wilderness, an invaluable tool for the bushcrafter. The durable carbon steel knife blade, combined with a DLC coating and a robust handle, delivers exceptional strength suitable for various tasks. Whether it's felling trees, setting up a sturdy camp, splitting firewood, or starting a fire in harsh weather conditions, this beast handles it all with ease.

- Full-tang knife blade with an ergonomic handle made of tough polymer that withstands heavy-duty use, including batoning.
- 3.2 mm thick knife blade with a Scandi grind, crafted from high-quality German carbon steel.
- Black DLC coating that protects against corrosion and prevents reflections on the knife blade.
- Symmetrical polymer sheath with a leather strap that can be attached to a belt, suitable for both left- and right-handed users.
- Specially designed spine compatible with fire starters, that sparks in all weather conditions.
- Made in Mora, Sweden.
