

The company

**Aclima AS**

**Sundvollhovet Industriområde**

**NO-3535 Krøderen, NORWAY**

is granted authorization according to Oeko-Tex® Standard 100 to use the Oeko-Tex® mark, based on our **test report 12-22670-1**

**Tested for harmful substances**  
according to Oeko-Tex® Standard 100

Ö 98-056

Swerea IVF

for the following articles:

**Knitted garments made of wool, polyamide, polyester, elastane, Lenzing FR®, Kevlar®, No Shock®, Rhovyl®, modal, modacrylic and their blends, 100% polypropylene and 100% cotton.**

**(Including accessories; Labels, elastics, zippers, bands, velcro, laminated woven PES, buttons, lining, bra accessories, woven cotton or flax fabric.)**

**(Partly produced with fibres having flame retardant properties accepted by the Oeko-Tex® association.)**

The results of the inspection made according to Oeko-Tex® Standard 100, **product class II** have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for products with direct contact to skin.

The certified articles fulfil the requirements of Annex XVII of REACH (incl. the use of azo-dyes, nickel, etc.) as well as the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the Oeko-Tex® mark only in conjunction with products that conform with the sample initially tested.

**This authorisation is valid until 18.01.2013**
